

The Physics department would like to ensure that students understand that the most successful route to maximising their potential is to –

- Learn all the facts in their note books
- Use their study guides to check they have covered and understood all the material.
- Practice as many past paper questions as possible prior to the final exam.

In addition to the above there are some useful websites. Students may wish to use some or all of the following -

Although at St. Columba's the students sit Intermediate 2, the BBC site called 'Bitesize', designed for Standard Grade, is useful in some of the overlapping areas.

<http://www.bbc.co.uk/schools/bitesize/>

For SV and SVI students there is an interactive site designed by Heriot-Watt University named 'Scholar' .

<http://scholar.hw.ac.uk/Scotland/>

For SV students the SQA provides on-line Higher multi-choice questions and feedback at

<https://sqaoa.btlsurpass.co.uk/openassess/>

For SIV to SVI the SQA site offers past papers and marking schemes

<http://www.sqa.org.uk/sqa/3203.html>

For SIV to SVI there are commercial revision and self-assessment products available. In our opinion, the best products come from the company 'Flash Learning'.
